Dear Christine,

Do you still accept wish lists?

Crestview Manor is in desperate need of sturdy dining room chairs. Ours are 35 years old and cost \$12.00 a chair, unfinished. Most are now wired together. Captain's Chairs or those with arms work best.

Also we need flatware (without legs.) We have no clue as to how it disappears. Our supply of coffee mugs, soup bowls and dessert dishes is getting short. Do not have to match.

We would like matching chairs, but with flatware it doesn't matter.

We would appreciate your help.

We also need good used twin beds. What we have are getting very shoddy. So if down sizing, please consider our needs.

Thank you,
